PETROLEUM LINE CARD

We represent leading manufacturers of petroleum equipment, tailored for establishing a new convenience store, creating a fleet fueling facility, or retrofitting and enhancing existing sites.

	BRAVO SYSTEMS Dispenser, tank, transition and DEF containment sumps, fiberglass entry fittings for new installation and repair, dispenser conversion frames, and fiberglass load-rated manway covers.		DOUBLETRAC Double containment stainless steel piping systems for diesel, gasoline, and biofuels. Easy installation. Zero permeation.
	FEDPRO Full line of pipe thread sealants, water-finding pastes, lubricants, paints, and cleaners.		HUGHES TANK COMPANY Cutting-edge UL 142 and Fireguard aboveground fuel and oil storage tanks with quick lead times, offered in both standard and customizable sizes.
	HUNTER PUMP ISLANDS Pump Island refurbishing system that eliminates the cost of repairs and annual painting.		IRPCO UL-listed fuel-flow curb pump hose assemblies for retail fueling. Hoses for farms, marinas, fuel oil, LPG, aircraft fueling, tank trucks, air and water, hydraulic hoses, and connectors.
	JSI High-visibility refrigerated units and display cases for showcasing merchandise in convenience stores, designed to maintain essential temperatures, ensuring your food stays fresh.		LSI - PETROLEUM Complete Interior and exterior lighting solutions for the petroleum and C-store market.
	PERFORMANCE INK Dispenser replacement parts, filters, nozzles, and other products for the petroleum industry.		PHILLIPS FUEL SYSTEMS Pumping control systems for standby fuel applications serving mission critical infrastructure in the industrial and commercial markets.
	PNEUMERCATOR Leak detection in both wired and wireless applications for above-ground and below-ground tanks with liquid-level controls and tank management systems.		RCI TECHNOLOGIES Fuel-cleaning solutions, including portable & stationary recirculating systems, filtering solutions, and polishing units.
	RED E A complete level 3 EV Charging software & equipment system to manage a network of chargers with a variety of charger types to fit the application.		SMARTFILL America's most advanced fuel management system for fuel accountability and fuel theft prevention.
	CPI SWITCHGEAR Integrated electrical and dispenser control systems, including pre-wired power distribution, fuel pump controls, lighting management, and surge protection.		UNIVERSAL VALVE Manholes, bollards, pipe guards, island forms, spill containers, safety valves, and fittings.
	XERXES Underground fiberglass double-wall storage tanks for use in the petroleum market.		XERXES - HYDROCHAIN™ Engineered site-specific, comprehensive chamber system for stormwater management.
